KHS&S INTERNATIONAL ESTABLISHES HONG KONG GLOBAL PROCUREMENT DIVISION

(HONG KONG) KHS&S International, a full-service, design-assist specialty building company operating throughout Asia and the Middle East, has established a global procurement department in Hong Kong, headquarters for KHS&S International’s Asia operations. The Global Procurement Division increases project value by identifying and securing high-quality, competitively priced material and service vendors internationally.

Global Procurement was established in early 2009 as part of KHS&S’ international expansion strategy. Since that time, KHS&S has qualified more than 22 international vendors. Procured products are used on projects in the United States and throughout Asia and the Middle East. The KHS&S-Hong Kong Global Procurement Department will be responsible for identifying and developing relationships with vendors and suppliers throughout Hong Kong, the People’s Republic of China and other Asian countries.

“In today’s global economy, one of the keys to delivering high-value projects is finding the best product at the best price,” says Global Procurement Director Dave Clare. “There are hundreds of high-quality suppliers around the globe that are using combinations of technology and old-world craftsmanship to produce exceptional products. By matching the right supplier to the right project, we can help deliver the highest quality finished project while providing high value.” An employee of KHS&S since 2008, Clare is based in Hong Kong. Clare and his team, comprised of procurement and quality assurance (QA) / quality control (QC) professionals, spend the majority of their time working throughout Asia and the Middle East. Clare can be reached at dave.clare@khsswest.com.

About KHS&S International: www.khssintl.com

KHS&S International provides interior fit-outs, themed construction, themed attractions, rockwork, water features and virtual project delivery for large-scale commercial projects around the globe. One of KHS&S’ Family of Companies, KHS&S International is part of one of the largest, design-assist specialty building companies in the world. Through its network of offices, preconstruction specialists, construction professionals and veteran craftsmen, KHS&S International offers turnkey building solutions for developers and builders throughout Asia, the Middle East and Europe. Current projects include Resorts World Sentosa, Singapore; Universal Studios Singapore; Marina Bay Sands, Singapore and Bridgeway Hotel, Abu Dhabi.
